WORK HISTORY

Writer & Communications Consultant

Archetype Communications

Provide writing and legal communications consulting — including public affairs, reputation management, marketing communications, presentations and thought leadership. Clients have included leading organizations such as: The Boston Globe; Special Counsel; The Boston Consulting Group; and Fidelity. As adjunct faculty at Boston University's College of Communication, taught the "Business and Society" course.

Legal Department (Vice President, Public Affairs)

Biogen

Responsible for all aspects of corporate communications and the management of public relationships. Reengineered communications operation, to markedly improve cost-effectiveness and impact on organizational objectives. Designed and implemented a comprehensive branding program to define, differentiate and

communicate the company's global identity. Instituted strategic media campaigns – achieving branded message placements in key industry publications and in global business media. Scripted speeches, designed presentations and coached executives for key appearances.

Project Director & Contributing Author

[TED Conferences](#)

Directed TED Conference's "UNDERSTANDING USA," a project using "information architecture" to examine 100 topics in American current affairs. TED has become recognized as the world's premier forum for "game-changing" ideas and "best of show" speakers.

Communications Director

[MN Governor's Office](#)

(Leave-of-absence from PSB PR. Appointment to Governor's Office, followed by Bush Leadership Fellowship at Harvard Kennedy School.) "Turnaround" assignment for Minnesota's longest-serving governor -- to reengineer communications and public relationships with media, constituents and special interest groups. Created and managed communications department and coordinated a network of public affairs officers. Promoted from Public Information Director to Communications Director, a key staff role with responsibility for policy initiatives, media strategies, constituent relations, major public events and crisis management.

VP Public Affairs, Director International

[Padilla Speer Beardsley Public Relations](#)

Launched and managed practice area specializing in global communications. Extensive travel, public speaking and collaboration with clients and consultants around the world. Provided counsel and executed communications campaigns for corporate, nonprofit and government clients. Active in managing the practice, generating new business, community service.
